

thinking & working desk

This compact-size desk can be placed in a compact area to be used for work or for studying. Small drawers are provided on the right side and a wiring hole with a cap is located on the desktop to pass through cords of a computer and a lighting device.

The desk frame is extended from the legs to around the rear side of the desk to give a flow and unified look to the desk as a whole. The tabletop is separated from the frame with a narrow space in between.
