

### Leonardo seamless chair

This chair is simply designed with an upholstered backrest and seating surface and four wooden legs. Despite the simple design, the stitch line of the seating surface is a single stroke.

While the rear legs rise sideways in a straight line, the back support leans gently backward against the straight line rising from the legs and drawing a line that links naturally for a comfortable fit. In addition, the seating frame, is chamfered so that the legs and seating surface connect in a gentle curve.
