

My Funny Valentine

My Funny Valentine is a simple bar counter chair that fits well in mature atmosphere. The chair's frame materials are carved from solid wood without the addition of any decorative elements, keeping the design as simple as possible. The design of My Funny Valentine is perfectly balanced to present the image of a dining chair carved from a solid piece of wood seamlessly incorporated into the design of a high chair. As the chair has a relatively high seating position and long legs, it is necessary to reinforce the lower parts of the legs so that they can bear the load from this higher seating position.
