

### Hozuki

The Hozuki lighting series features fluid, interconnected curves that enhance its dimensionality and create subtle shadows. Available in pendant and floor-standing models, the minimalist design suits various spaces, whether used singly or in groups. The organic shape of the curves adds warmth and cohesion to interiors, providing both an artistic and functional lighting solution. Hozuki's understated elegance and innovative design make it a versatile piece that complements modern and contemporary environments while offering a distinctive lighting experience.
